This country multi-generational estate with impressive Baroque gables offers comfortable and modern living for a large family of horse lovers. The total land area of 26,490 m² ensures complete privacy, a wide range of possible uses, and ideal conditions for horse breeding or other agricultural activities.

The farmhouse estate has been furnished with stylish interiors after a **complete and architecturally sensitive reconstruction**. The comfortable facilities include an **indoor swimming pool in the winter garden**, a **sauna**, a **wine cellar**, a **landscaped courtyard with a pergola and outdoor kitchen**, and a **stable with individual stalls for 12 horses**. **Massive wooden plank floors**, roughly plastered walls, visible beams - all are tastefully combined with a **modern design**. The equipment for horses includes **two saddles**, a walk-in closet for clients, a horse shower, an illuminated **covered hall** measuring 21x36 meters and an **outdoor riding hall** measuring 34x48 meters. On the farmland, adjacent to the outdoor riding hall, **winter and summer runs for horses** are set.

The heating of the main and adjacent building and water in the swimming pool is via a **gas heating system**. The property is connected to the **municipal sewerage system**. The building is supplied with drinking water from the **municipal water supply system**, for feeding horses, automatic irrigation of the garden, and for other purposes there are **two dug wells**.
